RE: LAPORTE COUNTY REGIONAL SEWER AND WATER DISTRICT- SEPTIC ELIMINATION PROJECT FOR HUDSON AND SAUGANY LAKES

Dear Property Owner:

As you may be aware, the LaPorte County Regional Sewer and Water District is moving forward with the planning and design of a sanitary sewer system for the purpose of eliminating the existing septic systems serving the properties within the Hudson Lake and Saugany Lake Service Areas.

As a result, the District has hired Jones Petrie Rafinski Corp. (JPR) as their Engineer, and JPR will be completing survey work for the preparation of construction drawings.

JPR will be working in your area over the next several months, weather permitting. This means that you may see one or two crews in the area, with one to three people per crew gathering topographic and land feature information in your yards and along the road rights-of-way, including existing well and septic system locations.

JPR will keep you updated on the status of this project through the District's website – laportecountyrdsd.org. There will be more information and mailings distributed as the project progresses. In the meantime, should you have any questions, feel free to contact us at 574-232-4388 or via email at:

- Dan Byam, PE at: dbyam@jpr1source.com
- Steve Henschen, PE at: shenschen@jpr1source.com
- Jennifer Ransbottom at: jransbottom@jpr1source.com

We look forward to serving you on this project.

Best Regards,
