

LA PORTE COUNTY

REGIONAL SEWER & WATER DISTRICT

IMPORTANT NOTICE

As you may be aware, the LaPorte County Regional Sewer and Water District is moving forward with the planning and design of a sanitary sewer system for the purpose of eliminating the existing septic systems serving properties within the Hudson Lake and Saugany Lake Service Areas. As a result, the District has hired Jones Petrie Rafinski Corp. (JPR) as their engineer, and JPR will be completing survey work for the preparation of construction drawings.

JPR will be working in your area over the next several months. This means that you may see survey crews in your area gathering property information in your yards and along the road rights of way, including existing well and septic system locations.

If you have any questions, feel free to contact us at 574-232-4388 or via email at:
